LOCAL AND MISCELLANEOUS.

Notice—Special.

R. J. McQuillen's connection with
this paper has ceased, and he has no
authority to collect any monies due the
institution.

—We are doing job work, now, and
we are doing it in good shape.

—Hon. S. Newton Pettis, of Mead-
ville, was in town on Saturday.

—A young deer was killed on Sun-
day last, near this place by some of
our sportsmen. So we are informed.

—A ball will be held in Forest Hall
on Friday evening of this week. Mc-
Dermott's Band, of Franklin will fur-
nish the music.

—The river, at present writing is
filled with slush-ice, and the ferrying is
rather bad. The rafting season
will not be a success this year.

—A fair trial only is needed to con-
vince the most skeptical, that Hall's
Vegetable Sicilian Hair Renewer will
accomplish all that is claimed for it.

—E. E. Clapp, Esq., of President
looked in upon us yesterday and paid
his subscription for 1871. He is about
as "square" a man as they get up.

—Charles, the oldest child of Mrs.
Riddle of this place died on Tuesday
last of diphtheria. This is the third
child that died in this place last week.

—Rev. Mr. Lowes preached in the
Presbyterian church on Sabbath last,
morning and evening to appreciative
audiences. Services will be held a
week from next Sabbath by Mr. Bur-
ton, and two weeks after by Rev. Mr.
Virtue.

—This week we publish the correct-
ed Time Tables of the Erie Railroad,
and of the Allegheny Valley R. R.
They will be found on the inside of the
paper. Those on the outside had not
been corrected, and the outside had
been struck off before we noticed the
error.

—Stephenson is put on Posey Field.
Ross Run is to be put down 90 or 100
feet further. He struck a "stray
third" last week, and began to test,
but found no oil. He is now going
down to the regular third sand, and
we have no doubt that he will get a
good well.

—The Borough Schools closed on
Wednesday last on the account of sick-
ness among the children. A majority
of the children attending school had
the whooping cough, and numbers of
them had to be kept at home a great
deal of the time. The school will
commence again the first week in Jan-
uary.

—Next week is court week, also
Holiday week. It is our usual custom
to miss an issue during that week, but
circumstances render it more conven-
ient for us to issue on that week and
miss an issue on the week following.
Therefore our subscribers will receive
the REPUBLICAN on Holiday week.

—L. H. Simpson & Co., of President
have about 9000 acres of oil territory
to dispose of, which they propose to
sell in plots of 50 acres to actual op-
erators. Two or three wells are now
going down on the property, with
good indications. We were shown
some of the sand rock from one of the
wells going down, which old oil opera-
tors pronounce as good as can be
found anywhere. This has been good
territory, and we have no doubt that
it will be again. Persons wishing to
know more about the land can receive
full information by addressing L. H.
Simpson & Co., President, Venango
county, Pa.

—Winter has commenced, at last
we have been having a little snow, and
quite an amount of cold weather.—
The roads have been very heavy for
some time and everybody is very anx-
ious to see good sleighing. A great
many families in town are entirely out
of coal, and cannot get any until
sleighing comes.

—The enterprising management of
the A. & G. W. Railway have put
two express trains each way on the
Franklin branch, leaving Meadville
at 6.45 and 11.55 A. M., arriving at
Oil City at 8.30 A. M. and 1.55 P. M.
Leaving Oil City at 9.15 A. M. and 4.15
P. M. This is a great importance to
the traveling public and we doubt not
their enterprise will be well rewarded.

—The wrestling match between J.
H. McLaughlin, of Titusville, and J.
J. Benjamin, of Washington, for \$500
a side and the champi-n belt of Amer-
ica, came off at Titusville on Tuesday
evening of last week, resulting in a
victory for McLaughlin. He throwing
his opponent on the first and third
rounds, and being himself thrown on
the second.

—The Petroleum Centre Record says,
"there is a paper in circulation here to
raise money to aid in the liberation of
August Rhie, who it will be remember-
ed was sent to the Penitentiary for the
murder of David Tate. It is said
Rhie is very low with the consump-
tion, and cannot possibly survive but a
short time longer. The wife of the
unfortunate man is also in town mak-
ing efforts to secure his release."

—GAS AT LAST.—After many vexa-
tions delays the Franklin Gas Com-
pany turned gas into the mains on
Wednesday.—The city lamp post burn-
ers were lit in the evening. Having
no lamps on them, and the gas escap-
ing to the full capacity of the pipes,
the streets were brilliantly illuminated,
except when the gusts of wind almost
"dorsed the glims."—Venango Specta-
tor.

—The Spectator says the Canning
well, on the H. J. Sayers tract, report-
ed last week as a ten barrel well is do-
ing about twenty barrels. Three wells
in the vicinity of this new one are in
process of drilling, and the rigs for
two more are erecting. On the Lloyd
Oil Company's tract, adjoining Sayers',
there is a well 956 feet deep
ready for testing.

—When you go into a printing office
keep your hands off the type, whether
it is in cases, on a galley or even on the
floor; don't go to running over the
copy books to see what is to go in the
issue; don't carry off papers without
permission; keep your hands off the
manuscripts whatever, but make them
but make them.

—Mr. White O'urday the
highly colored with oil. Mr. Wigot
just dipped up a pint of the water
just as it came from the well, and on
setting, an inch of oil was found on
the top of the water. He is pretty
confident now that he will have a good
well, and then look out for stirring
times.

—Holiday Goods of all kinds for
sale at Hilbrunner's. Will be sold
cheap for cash. Also a large amount
of Fashionable Jewelry, bought close,
direct from manufacturers, will be sold
at astonishingly low prices. Now is
the time for bargains. Don't fail to
call and examine these goods.

—We would call attention to the
advertisement of K. Brett & Son,
which appears in this issue. They are
agents for Tiff, Sons & Co.'s engines,
and have been in the business for about
three years, and we have no doubt but
that they are able to furnish a first-
class engine at reasonable figures. Try
them.

—Don't fail to call and see the Yan-
kee Washing Machine. There is no
branch of domestic labor that needs
improvement as much as washing.—
If the drudgery and terror of
"wash day" can be removed by this
machine—by all means get one. If
one half that is claimed for this is true,
every household should have a machine.
We see no reason why it is not a per-
fect success. See advertisement in an-
other column.

—We invite the attention of our read-
ers to the advertisement of E. L. Dav-
is, in another column, headed "Public
Sale." This is a splendid chance for
every one to lay in a winter supply of
clothing. Everything will undoubt-
edly go cheap. It also has for sale
six work horses, which he will sell
cheap for cash, or on four months
time, with approved security. Now
is the time to secure a good horse
cheap. The horses can be seen at
David Hays' barn.

ADDRESS

To the Nervous

AND

DEBILITATED.

WHOSE sufferings have been protract-
ed from hidden causes, and whose
cases require prompt treatment to render
existence desirable;

If you are suffering, or have suffered
from involuntary discharges, what effect
does it produce on your general health?
Do you feel weak, debilitated, easily tired?
Does a little extra exertion produce pal-
pitation of the heart? Does your liver, or
urinary organs, or your kidneys, frequen-
tly get out of order? Is your urine some-
times thick, milky or floaky, or is it ropy
on setting? Or does it thick skum rise to
the top? Or is a sediment at the bottom
after it has stood awhile? Do you have
spells of short breathes or dyspepsia? Are
your bowels constipated? Do you have
spells of fainting, or rushes of blood to
the head? Is your memory impaired? Is
your mind constantly dwelling on this
subject? Do you feel dull, listless, moping,
tired of company, or life? Do you wish
to be left alone, away from everybody?
Does any little thing make you start or
jump? Is your sleep broken or restless?
Is the lustre of your eye as brilliant?
The bloom on your cheek as bright? Do
you enjoy yourself in society as well? Do
you pursue your business with the same
energy? Do you feel as much confidence
in yourself? Are your spirits dull and flag-
ging, given to fits of melancholy? If so,
do not lay it to your liver or dyspepsia.
Have you restless nights? Your back
weak, your knees weak, and have but lit-
tle appetite, and you attribute this to dys-
pepsia or liver-complaint?

eases badly cured, and sexual excesses, are

tion, when in perfect health, make the man
Did you ever think that those bold, def-
iant, energetic, persevering, successful busi-
ness-men are always those whose gener-
ative organs are in perfect health? You
never hear such men complain of being
melancholy, of nervousness, or palpitation
of the heart. They are never afraid they
cannot succeed in business; they don't be-
come sad and discouraged; they are always
polite and pleasant in the company of la-
dies, and look you and them right in the
face—none of your downcast looks or any
meanness about them. I do not mean
those who keep the organs inflated by
running to excess. Those will not only
ruin their constitutions but also those
they do business with.
